KETMarket AI FundingFinder

Funding is a key challenge for startups, SMEs, and research institutions. That's why we developed FundingFinder – an AI-driven tool that matches your profile, goals and entries of the innovation marketplace with relevant regional, national, and European funding opportunities. Members receive monthly updates on the latest calls, with chances to connect with potential partners and form consortia. FundingFinder saves you time and expands your access to crucial funding – unlock your opportunities today!
