

Flexible Paper Battery

Two examples: 1.5 V and 3.0 V Paper Battery

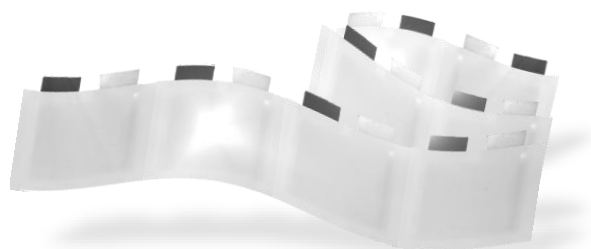

Feature		
	35mm*35mm	36mm*54mm
Model	BS3535WD	BD3654WB
Nominal voltage	1.5V	3.0V
Initial capacity	20mAh	20mAh
Bending radius	≤35mm	≤35mm
Maximum thickness	0.8mm	0.8mm
Maximum weight	1g	1.7g

Customized Shape, Size and Terminals' location

Delivery Form: Sheet and/or Roll

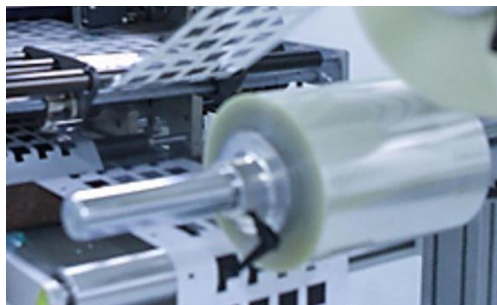

Sheet Form

Roll Form

Capacity: 10 million pieces/year

Enfucell in Brief:

- The battery is a disposable, thin and flexible power source for devices like wireless sensors for healthcare, sports and logistics.
- ISO9001 certified
- Production in China

Address: 01720 Vantaa, Finland.
